We value your trust, and make it a high priority to ensure the security and confidentiality of the personal information you provide to us. Please read this policy to learn about our privacy practices. By visiting this website, you are accepting the practices described herein.

What information we collect from you

In General. We receive and store any information you enter on our website or give us in any other way. This includes information that can identify you ("personal information"), including your first and last name, telephone number, postal and email addresses, and billing information (such as credit card number, cardholder name, and expiration date). You can choose not to provide information to us, but in general some information about you is required in order to book your requested travel arrangements.

Travel Companion Information. When you make a reservation for someone else through this website, we will request personal information and travel preferences about that individual. You should obtain the consent of other individuals prior to providing us with their personal information and travel preferences, as any access to view or change their information will be available only through your account.

Information from Other Sources. We also may periodically obtain both personal and non-personal information about you from affiliated entities, business partners and other independent third-party sources and add it to our account information. Examples of information we may receive include: updated delivery and address information, purchase history, and demographic information. In addition, if you sign up for Travelertick.com using your social media account, link your Travelertick.com account to your social media account, or use certain other Travelertick.com social media features, we may access information about you via that social media provider in accordance with the provider's policies. The information may include your name, email address, profile picture, gender, list of friends, and other information that you authorize us to receive. Depending on the privacy settings of you and your friends, we may access information that you provide to a social media provider regarding your respective locations ("Location Data") to provide you with relevant content. Please note that your Location Data may also be shared with your friends on a social media provider in accordance with your privacy settings for that social media provider.

Automatic Information. We automatically collect some information about your computer when you visit this website. For example, we will collect your IP address, Web browser software (such as Firefox, Safari, or Internet Explorer), and referring website. We also may collect information about your online activity, such as trips viewed and bookings made. Our goals in collecting this automatic information include helping customize your user experience and inhibiting fraud.

For more information, please see [Cookies and other technologies](#).

How we use your information

We use sensitive billing information (such as cardholder name, credit card number, and expiration date) for the purpose of completing the travel bookings you conduct on our site. We use other information about you for the following general purposes: to provide you with the products and services you request; to provide you with travel confirmation and updates; to manage your account, including processing bills and providing travel notifications; to

communicate with you in general; to respond to your questions and comments; to measure interest in and improve our products, services, and website; to notify you about special offers and products or services that may be of interest to you; to otherwise customize your experience with this website; to reward you as part of any reward and recognition program you choose to join; to solicit information from you, including through surveys; to resolve disputes, collect fees, or troubleshoot problems; to prevent potentially prohibited or illegal activities; to enforce our Terms of Use; and as otherwise described to you at the point of collection.

Email Communications. We want to make it easy for you to take advantage of travel-related opportunities on our website. One way we do this is by sending you email messages that contain information about your apparent travel-related interests. For example, if you search for a bus to Hanoi on our website and have saved your itinerary or otherwise not yet booked your travel, we may send you an email message reminding you about your saved travel itinerary or about a special offer to Hanoi. Please note that you will have the opportunity to choose not to receive these email messages in any such email we send.

Please review [Your choices with respect to the collection and use of your information](#) below.

With whom we share your information

This website may share your information with the following entities:

- Suppliers, such as transportation and activity providers, who fulfill your travel reservations. Throughout this site, all services provided by a third-party supplier are described as such. By making a reservation through this site, you are authorizing us to disclose to suppliers the information required to complete the booking and deliver the related travel. These suppliers are not controlled by Travelertick and personal information disclosed to them is subject to the applicable supplier's privacy policy and security practices. However, we ensure that the supplier only receives the necessary information for your booking and nothing more.
- Third-party vendors who provide services or functions on our behalf, including credit card processing, business analytics, customer service, marketing, distribution of surveys or sweepstakes programs, and fraud prevention. We may also authorize third-party vendors to collect information on our behalf, including as necessary to operate features of our website or to facilitate the delivery of online advertising tailored to your interests. Third-party vendors have access to and may collect information only as needed to perform their functions and are not permitted to share or use the information for any other purpose. They are also required to follow the same data security practices that we ourselves adhere to.

We also may share your information:

- In response to subpoenas, court orders, or other legal process; to establish or exercise our legal rights; to defend against legal claims; or as otherwise required by law. In such cases we reserve the right to raise or waive any legal objection or right available to us.
- When we believe it is appropriate to investigate, prevent, or take action regarding illegal or suspected illegal activities; to protect and defend the rights, property, or safety of our company or this website, our customers, or others; and in connection with our Terms of Service and other agreements.

- In connection with a corporate transaction, such as a divestiture, merger, consolidation, or asset sale, or in the unlikely event of bankruptcy.

Other than as set out above, you will be notified when personal information about you will be shared with third parties, and you will have an opportunity to choose not to have us share such information.

We also may share aggregate or anonymous information with third parties, including advertisers and investors. For example, we may tell our advertisers the number of visitors our website receives or the most popular destinations. This information does not contain any personal information and is used to develop content and services we hope you will find of interest.

Cookies and other technologies

Cookies are small data text files and can be stored on your computer's hard drive (if your Web browser permits). This website uses cookies for the following general purposes:

- To help us recognize your browser as a previous visitor and save and remember any preferences that may have been set while your browser was visiting our site. For example, if you register on our site, we may use cookies to remember your registration information, so you do not need to log into our site each time you visit. We also may record your password in a cookie, if you checked the box entitled "Sign me in automatically next time." Please note

that member IDs, passwords, and any other account-related data included in such cookies are encrypted for security purposes. Unless you register with us, these cookies will not contain any personal information.

- To help us customize the content and advertisements provided to you on this website and on other sites across the Internet. For example, when you access a page on our website, a cookie is automatically set by us, our service providers, or our partners to recognize your browser as you navigate on the Internet and to present you with information and advertising based on your apparent interests. See "[Display of Advertising/Your Choices](#)" for more information about our online advertising practices and your choices.
- To help measure and research the effectiveness of website features and offerings, advertisements, and email communications (by determining which emails you open and act upon).

The Help portion of the toolbar on most browsers will tell you how to prevent your browser from accepting new cookies, how to have the browser notify you when you receive a new cookie, or how to disable cookies altogether. Please note that if you refuse to accept cookies, you may not be able to access many of the travel tools offered on our sites.

This site may also use Web beacons (also known as clear gifs, pixel tags or Web bugs), which are tiny graphics with a unique identifier, similar in function to cookies, that are placed in the code of a Web page. We use Web beacons to monitor the traffic patterns of users from one page within our sites to another, to deliver or communicate with cookies, to understand whether you have come to our site from an online advertisement displayed on a third-party website, and to improve site performance. We also may allow our service providers to use Web beacons to help us understand which emails have been opened by recipients and to track the visitor traffic and actions on our site. This helps us measure the effectiveness of our content and other offerings.

If you have any questions about our use of cookies or other technologies, please email us.

Display of tailored advertising/Your choices

Data collected by this website to serve you with relevant advertising. Travelertick.com is committed to providing you with relevant content and information. To do this, we may, through [cookies and other technologies](#), collect information about your travel-related searches, such as whether you are looking for buses to specific cities. We use this information, together with other information we have collected about you, to serve you with ads, on our website or elsewhere online, that match your apparent interests. So, for example, if you search for a bus to Pokhara on this site, you may see an ad for a Pokhara bound bus on this site or on another website you visit.

To serve you with more relevant ads across the various internet browsers and devices that you use, we may combine the information we collect about your browsing on this website with an anonymous string of characters that we generate from your email address or customer number, using encryption technology. We may share this anonymous series of characters with third party vendors along with information about your travel-related searches on this website so that they may serve you with relevant ads across the various internet browsers and devices that you use. You can choose not to receive tailored online advertising on other websites, based on your travel-related searches on this website, by clicking [here](#) or [here](#). Note that if you choose not to receive tailored ads, you will still see online advertisements, but they will be more general and less relevant to you.

How we protect your information

We want you to feel confident about using this website to make travel arrangements, and we are committed to protecting the information we collect. While no website can guarantee security, we have implemented appropriate administrative, technical, and physical security procedures to help protect the personal information you provide to us. For example, only authorized employees are permitted to access personal information, and they may only do so for permitted business functions. In addition, we use encryption when transmitting your sensitive personal information between your system and ours, and we employ firewalls and intrusion detection systems to help prevent unauthorized persons from gaining access to your information.

Children's privacy

This is a general audience website and does not offer services directed to children. Should a child whom we know to be under 13 send personal information to us, we will use that information only to respond directly to that child to inform him or her that we must have parental consent before receiving his or her personal information.
